

Smile Assurance Package

Preserving Your Smile!

Not a day goes by that we don't have a patient requesting replacement retainers because they have either lost them or their dog has eaten them. Just like a set of tires, retainers have a limited tread life and will eventually wear out. We want our patients to enjoy their smiles for life, so we've created our Smile Assurance Package to help ensure that your smile looks fantastic for years to come.

Why It's Needed:

- Because "Shift Happens" when retainers are not worn as instructed.
- Rest assured knowing that the patient will always have a backup retainer to preserve your smile.

How It Works:

- 2 sets of clear plastic retainers are delivered immediately after completion of treatment.
- 3D models will be given to the patient for fabrication of future retainers.
- Purchase the package any time before the first set of retainers are made.
- Office visits and repairs included.

What is the cost?

\$575

- Co-pay \$35 for a new clear plastic retainer
- Co-pay \$45 for a new 3D model
- Co-pay \$75 for a new fixed retainer
